Iron deficiency is a health issue affecting people of different age groups: iron may be given as an intravenous infusion to help rectify this deficiency. The Infusion Services at John Fawkner Private Hospital offer direct request for iron infusions, for patients with and without Private Health Insurance at a cost of \$200. Refreshments will be provided. You may eat and drink normally prior to your appointment.

If you would like more information on this treatment or have any concerns please contact the Unit Manager on 03 9385 2358.

Your iron infusion is at:
